Volunteering

- **Huprog Junior Team Member**
HUPROG is a nationwide programming contest with a notable money prize. Turkey's best competitive programmers (in algorithm) attend this competition organized by HUPROG senior team. The HUPROG team consists of enthusiastic students for algorithms and data structures from Hacettepe University. I had qualified to be a part of this team. As a junior team member, I've taken classes about algorithms and data

structures from HUPROG senior team.

- **Huprog Senior Team Lead**

As the senior team leader, besides giving classes to the Junior team, I prepare questions for the HUPROG contest, motivate the team, and organized all the activities of the team, and I was responsible for the organization of the HUPROG contest.
