## EDUCATION

2019-  
Ongoing

**Bachelors Degree**  
**Hacettepe University**  
*Computer Science*

Ankara

I am a Junior Computer Science student now. I learned Object Oriented Programming, Data Structures, Algorithms, Calculus I, II, Physics I, II, Linear Algebra, Statistics, District Math. This semester I took the lessons Machine Learning, Fuzzy logic, Database Management Systems, Programming Languages, and System Programming.

I am the leader of the Hacettepe University Programming Community. Hacettepe University Programming Community organizes programming contests with rewards every year. They train new students in data structures and algorithms. This year we aim to organize 7 programming contests and 15 mini-programming contests. We are planning to give about 50-60 thousand Turkish liras in rewards.

2018-2019
